

# About **The** Game

**Mario Kart 8 is a kart racing game; players control characters from the Mario Universe to race in go-karts around a course. They may hinder their opponents or improve their performance using power-ups found in item boxes throughout the course.**

**It includes four different difficulties, 50cc, 100cc, 150cc and Mirror Mode, each differing in speed, which may be selected before the race. "Mirror Mode" horizontally inverts all courses. Returning features from previous instalments include motorbikes and 12-player racing from Mario Kart Wii, as well as hang gliders, underwater racing and vehicle customization from Mario Kart 7.**

**Up to four players can play together on a single system, up to eight can play together through a local wireless connection (Nintendo Switch only), and up to twelve can play together online multiplayer.**
