

Event Hosting

Open and advertise an event to the whole squadron, even if they have never played before, get them to participate.

We are going to use a Tournament Bracket to determine the finalists to be hosted at the discretion of each squadron.

There is no limitation on practice at home or in the squadron

Once you have determined the winner they will receive the 100 CC cup.

This is a squadron-sourced cup purchased by their respective Squadron.

Each Winner then has an opportunity to attend a track-side Indoor go-karting trip to compete against other squadron winners for the coveted Esports Trophy.

Funded by each squadron into a pot cost TBA. This will be presented trackside to the winner. To be stored at their squadron until the next annual Esports Competition.
