

# Why Mario 8?

Mario in the universe of gaming is as famous as it can get, spanning generations the franchise interacts with young and old with constantly revitalising gameplay and innovations. Mario 8 Deluxe is rated 3 years and up and is available to play for all ages at your squadron.

A fantastic mixture of Racing, Strategy 1 vs 1 and group gaming stimulates the competitive nature within our young cadets. A well-used game by a reputable company ensures our safeguarding with no exposure to any age-inappropriate images, text, or videos.

Choosing this game comes down to cost also, out of all the consoles available on the market the switch (hardware) is the most reasonably priced and the game has been out for long enough for it to be accessible on the second-hand market.
